The Mayor reported that he had collected during the past month \$575 for licenses issued.

Fines paid.....\$ 26 00
Worked out..... 73 50
Working out..... 202 20

The Wharfmaster reported net collections for the past month \$51.17.

The report of the City Treasurer totals as below:

Balance.....\$ 5,117 22
Receipts..... 832 96
Total.....\$ 5,950 21
Expenditures..... 2,913 59
Balance on hand.....\$ 3,036 62

The report of the Claims and Accounts Committee was as follows:

Alms and Almshouse.....\$ 197 63
Internal improvements..... 229 96
Gas and electricity..... 677
Boarding and guarding prisoners..... 120 40
Public Library..... 50 00
Miscellaneous..... 1,022 46
Total.....\$2,287 40

The White School Fund the past month received \$37.80.

The following permits were granted:
J. C. Cablish, one-story garage in rear of residence, East Fourth street, Third Ward.

W. Holton Key, frame shed, addition to other buildings, metal roof, Forest avenue, Sixth Ward.

A lively tilt came up in the adoption of the minutes of the previous meeting. The City Attorney wanted the Journal to show his position as enunciated and maintained at the last meeting of Council in regard to the suit he was authorized and instructed to institute in the Mason Circuit Court against the Board of Control of Mason County for taxes alleged to be due the city, which had been omitted. There was quite an animated passage of words between the legal head of Council and Members Clooney and Everett—the former wanted his position clearly defined and incorporated in the minutes and made part of the proceedings, while the latter gentlemen strenuously opposed any such action being taken in the matter, and they had their way, too. Council refused to amend the Journal.

Mackey & Redmond were granted license to conduct a poolroom in the Glaccek Building, formerly occupied by the First National Bank, corner Sutton and Second streets.

An ordinance providing for the leasing of \$20,000 Emergency Bonds was read and on suspension of the rules was placed upon its final passage and adoption.

Member Harover presented an ordinance—which was enacted into a law—preventing the C. and O. blocking the street crossings.

Members Clooney, Fleming and Dieterich were appointed a Committee to map out internal improvement work.

Complaint being made against the Collins Building, recently destroyed by fire, the matter was referred to the Proposition and Grievance Committee.

The matter of opening Vine street to Carmel street, in the Sixth Ward, by the purchase of the Childs' lots for \$150, was referred to the Internal Improvement Committee.

As Chairman of the Special Fire Committee, Member Everett was granted further time in which to make his report.

Member Dieterich wants more street crossings in the Sixth Ward and Member Harover wants Plum street put in apple-pie order.

The question of brick streets was placed in the hands of Members Clooney, Dersch and Greenlee to determine amount to be constructed this summer.

The Matron of the Almshouse made complaint—owing to the high prices of table commodities—that the amount allowed for keeping inmates, \$11 per month, was not a fair compensation. Council was of the same opinion and will endeavor to remedy the matter.

The Mayor was authorized to pay the Enumerators recently engaged in taking the city census at 1 1/2 cents per name.

The wireless message "C. Q. D." flashed from a wrecked ship, means: "Come Quick; Distress!" "S. O. S." means "Stranded on Sea," or shore.

Rev. M. R. Adams has resigned the Pastorate of the First Baptist Church at Frankfort, effective March 31st, to accept the Secretaryship of the Baptist Educational Society of Kentucky.

Aids Old Men

The sudden change from years of activity of both body and mind to the quiet of later years causes the human system to undergo many changes, chief of which is in the digestive organs.

It becomes harder and harder to get the bowels to move promptly and regularly and in consequence many elderly men suffer not only from the basic trouble, constipation, but from indigestion, headache, belching, sour stomach, drowsiness after eating and similar annoyances. It is first of all necessary to keep the bowels open and then to tone the digestive muscles so as to get them to again do their work naturally. A violent cathartic or purgative is not only unnecessary but harmful, and something mild will do the work just as well.

After you have got through experimenting with salts and pills and waters of various kinds, and have become convinced that they do only temporary good at best, then try Dr. Caldwell's Syrup Pepsin, a mild, gentle, pleasant-tasting laxative tonic that is especially adapted to the requirements of old people, women and children, and yet is effective enough for anybody. Your druggist, who has handled it successfully for a quarter of a century, will sell you a bottle for fifty cents or one dollar, but if you want to make a test of it before spending any money send your name and address to Dr. Caldwell and he will gladly send you a sample bottle free of charge.

This remedy is rapidly displacing all other forms of medication for the cure of stomach, liver and bowel trouble, and families like Mr. O. F. Wisner's of Evesmore, Ill., and Mrs. Carrie Culler's of Ind., are now never without it. It is 225 N. Notre Dame street, South Bend, Ind. They have tested it and know its grand value to every member of the family.

Dr. Caldwell personally will be pleased to give you any medical advice you may desire for yourself or family pertaining to the stomach, liver or bowels absolutely free of charge. Explain your case in a letter and he will reply to you in detail. For the free sample simply send your name and address on a postal card or otherwise. For either request the doctor's address is Dr. W. B. Caldwell, R. 507 Caldwell building, Monticello, Ill.

Woman's Power

Over Man

Woman's most glorious endowment is the power to awaken and hold the pure and honest love of a worthy man. When she loses it and still lives on, no one in the wide world can know the heart agony she endures. The woman who suffers from weakness and derangement of her special womanly organism soon loses the power to sway the heart of a man. Her general health suffers and she loses her good looks, her attractiveness, her amiability and her power and prestige as a woman. Dr. R. V. Pierce, of Buffalo, N. Y., with the assistance of his staff of able physicians, has prescribed for and cured many thousands of women. He has devised a successful remedy for women's ailments. It is known as Dr. Pierce's Favorite Prescription. It is a positive specific for the weaknesses and disorders peculiar to women. It purifies, regulates, strengthens and heals. Medicine dealers sell it. No honest dealer will advise you to accept a substitute in order to make a little larger profit.

IT MAKES WEAK WOMEN STRONG,
SICK WOMEN WELL.

Maysville Loses at Richmond and Winchester But Receives Warmest Hospitality

Saturday night in the High School Auditorium the Maysville Basketball Team will meet Ashland for the second game this season. At Ashland the Maysville girls won with a large score, but since then the Ashland team has been much improved and the game will probably be closely contested.

The game will be called at 7:30 p. m.

Following is the line up:

Ashland. Edith Shanklin...Center...Ethel Owens
Constance White...Forward...Edith Dickson
Gladye Bryan...Forward...Lucille Crowell
Frances Friel...Guard...Anna May Campbell
Kylenea Scott...Guard...Minnie Crawford
Maysville. Miss Irene T. Merrick as referee, Miss Nixon as chaperone and Misses Arjyra Ziegler and Joanna Davison as substitutes will accompany the Ashland team.

At Richmond Friday night the Maysville team met for the first time a team of its own size, weight and practice. Although defeated by a score of only 14 to 8 our girls were at a great disadvantage on account of the low ceiling and had goals. The game was the fastest the girls have yet played, and at the end of the first half the score stood 5 to 6 in favor of Richmond.

The Richmond girls entertained Maysville with a dance after the game and the next morning took the team in carriages to the lake several miles out in the country, where they spent the morning rowing and walking around the lake.

In Winchester the team was much larger and more experienced than our girls, but at first it seemed that the Maysville team would win. The Kentucky Wesleyan soon rallied, however, and won with a score of 21 to 9.

The train was delayed four hours in Winchester, and knowing they could not make connection in Paris with the Maysville train the girls remained in Winchester.

Mrs. Hart Robinson and Mrs. T. C. Robinson were especially nice to the girls and entertained two of them, Miss Dickson and Miss Waller, at their homes just out of Winchester. The rest of the young ladies were sent to a private boarding-house by the Winchester team.

YOUR HAT

May Be a Stylish One, But It Makes Trouble.

A man usually buys a hat that's "in style," but the modern hat for men has lots to answer for.

Paindents are growing more numerous every day. Hats make excellent breeding places for the parasitic germs which sap the life from the heads of the men.

When your hair begins to fall out and your scalp is full of dandruff it is a sign that these countless germs are busy at work.

There is but one way to overcome the trouble and kill the germs—that way is Newdro's Herpicide. It is a germicide—it will kill the germs and healthy hair is sure to result.

No. 5, Maysville, Ky., says: "I am only too pleased to tell of my experience with Doan's Kidney Pills and hope that it may be the means of helping other sufferers from kidney trouble to find relief. About five years ago my kidneys suddenly became disordered and for several months I was bothered by constant, dull pains across my loins. When I stooped or lifted, sharp twinges shot through my body and caused the most intense suffering. When I heard of Doan's Kidney Pills, I procured a box at J. Jas. Women's "Sample" Suits.

Only one or two of a style so we can't describe all. One is fine blue serge trimmed in the same peau de cygne as the coat lining. Another is of sharkskin in a pretty shade of green and is also silk lined. Many of the others are equally attractive and of equally fine materials. Others are not quite so extraordinary at the price, but all come up to the extra value standard that is expected when a sale of maker's samples is announced. The tailoring is especially high class. Most of the coats are 32-inch length; most of the skirts are plaited.

Rugs That Have Style

Because they were chosen to harmonize with the decorative effects accepted by the best authorities of New York. Black Silk Stockings

The season for low shoes is quickly nearing and low shoes suggest pretty hosiery. We have a special number in black silk stockings for \$1 made with lisle feet and tops. Only the silk shows above the lowest slipper but the lisle foot and garter top assure longer service.
